GOVERNOR'S VETOES

3

S.B. No. 497—Vidak.

An act relating to pupil transportation.

To the Members of the California State Senate:

I am returning Senate Bill 497 without my signature.

This bill requires the Department of Education to request and post on its website specific school transportation data from local entities that provide transportation services to students.

Current law does not prohibit the Department of Education from requesting or collecting, or locals from sharing school transportation information between interested parties that find it useful to compare data.

While well intended, I am unconvinced that this voluntary data collection would produce meaningful information or is a valuable use of limited resources at the local or state level.

For these reasons, I am unable to sign this bill.

Sincerely,

Edmund G. Brown Jr.

2015

Aug. 7—Shall Senate Bill 497 become a law notwithstanding the objections of the Governor? (Must be considered pursuant to Joint Rule 58.5.)

4

S.B. No. 481—Hueso.

An act relating to local government.

To the Members of the California State Senate:

I am returning Senate Bill 481 without my signature.

This bill prohibits the general counsel of a city, county, or district from having direct oversight of internal audit staff.

I commend the author's objective to secure the public's access to local agency audits.

However, there may be legitimate reasons for local agencies to have their general counsels oversee certain audits and I believe it is most appropriate to allow local governments to determine the level of oversight that best meets their unique civic needs.

Sincerely,

Edmund G. Brown Jr.

GOVERNOR'S VETOES—Continued

5

S.B. No. 110—Fuller et al.

An act relating to threats.

To the Members of the California State Senate:
I am returning Senate Bill 110 without my signature.

No one could be anything but intolerant of threats to cause great bodily injury, especially on school grounds. Certainly not legislators, who voted nearly unanimously for this bill.

While I'm sympathetic and utterly committed to ensuring maximum safety for California's school children, the offensive conduct covered by this bill is already illegal.

In recent decades, California has created an unprecedented number of new and detailed criminal laws. Before we keep enacting more, I think we should pause and reflect on the fact that our bulging criminal code now contains in excess of 5,000 separate provisions, covering almost every conceivable form of human misbehavior.

Sincerely,

Edmund G. Brown Jr.

Sep. 9—Shall Senate Bill 110 become a law notwithstanding the objections of the Governor? (Must be considered pursuant to Joint Rule 58.5.)

6

S.B. No. 288—McGuire et al.

An act relating to vandalism.

To the Members of the California State Senate:
I am returning Senate Bill 288 without my signature.

For the reasons set forth in the messages accompanying my vetoes of SB 110 and SB 456, I do not believe it wise to add yet another crime to our state codes, even on such an important topic as protecting our redwood trees.

Sincerely,

Edmund G. Brown Jr.

7

S.B. No. 456—Block.

An act relating to criminal threats.

To the Members of the California State Senate:

I am returning Senate Bill 456 without my signature.

No one could be anything but intolerant of threats to cause great bodily injury, especially on school grounds. Certainly not legislators, who voted nearly unanimously for this bill.

While I'm sympathetic and utterly committed to ensuring maximum safety for California's school children, the offensive conduct covered by this bill is already illegal.

An act relating to local government.

Legislative Counsel's Digest of Assembly Amendments

SB 533, as it passed the Senate, prohibited, on or after January 1, 2016, a local agency from entering into any form of agreement that would result, directly or indirectly, in the payment, transfer, diversion, or rebate of Bradley–Burns local sales and use tax revenues (Bradley–Burns tax revenue) to any person, for any purpose, if the agreement results in a reduction in the amount of Bradley–Burns tax revenues that, in the absence of the agreement, would be received by another local agency and the retailer continues to maintain a physical presence within the territorial jurisdiction of that other local agency, with specified exceptions. SB 533, as it passed the Senate, imposed specified notification and reporting requirements on a local agency entering into an agreement that results in a reduction of the amount of Bradley–Burns tax revenues, that in the absence of the agreement, would be received by another local agency, prior to the ratification of that agreement. SB 533 also required any local agency to post such an agreement on its Internet Web site, including any agreements entered into prior to January 1, 2016, that are still in effect.

The Assembly amendments exclude from that prohibition and those requirements any mutual tax revenue sharing agreement between local agencies to pay, transfer, or divert Bradley–Burns tax revenues to another local agency, and where the agreement would not result, directly or indirectly, in the payment, transfer, diversion, or rebate of those tax revenues to a retailer.

S.B. No. 542—Mendoza.

An act relating to workers' compensation.

Legislative Counsel's Digest of Assembly Amendments

SB 542, as it passed the Senate, authorized, rather than required, the official medical fee schedule adopted for purposes of workers' compensation provisions to be based on either the maximum service hours and fees set forth in provisions of state law governing in-home supportive services or other state or federal home health care services fee schedules.

The Assembly amendments additionally require, commencing January 1, 2016, every medical provider network to post on its Internet Web site information about how to contact the medical provider network contact and medical access assistants and how to obtain a copy of the complete employee notification. The Assembly amendments also provide that, commencing January 1, 2016, a modification that updates an entire medical provider network plan to bring the plan into full compliance with all current statutes and regulations shall be deemed approved for a period of four years from the modification approval date. The Assembly amendments also require medical provider networks, rather than an insurer, employer, or entity that provides physician network services that arrange for care for injured employees through a medical provider network, to file continuity of care policies, among other duties. The Assembly amendments also require an employer or its claims administrator, rather than an insurer, employer, or entity that provides physician network services, to provide for the completion of treatment by a terminated provider under specified circumstances. The Assembly amendments also define an "entity that provides physician network services" for the purposes described above to mean a medical network licensed by a designated government department or a legal entity that offers medical management and physician network services within California.

S.B. No. 147—Hernandez.

An act relating to Medi-Cal.

Legislative Counsel's Digest of Assembly Amendments

SB 147, as it passed the Senate, required the State Department of Health Care Services to authorize a 3-year alternative payment method (APM) pilot project for federally qualified health centers (FQHCs) that agree to participate. The pilot project provided that participating FQHCs would receive a per member per month wrap cap payment for each of its APM enrollees and required each principal health plan to pay a participating FQHC that is in the plan provider network the wrap-cap amounts, as determined, for each APM enrollee of that FQHC. The bill defined various terms for purposes of the pilot project. The bill also required that an independent entity complete an evaluation of the pilot project and report its findings to the department and the Legislature.

The Assembly amendments revise these provisions to instead require the department to authorize implementation of an APM pilot project with respect to a county for a period of up to 3 years, and require the department to authorize a payment reform pilot project, rather than a 3-year payment reform pilot project. The Assembly amendments eliminate the wrap cap payments, require the department to notify a principal health plan in writing of the principal health plan's specific APM supplemental capitation rate for the participating FQHC in the county, revise the definitions of various terms for purposes of the pilot project, and require that the evaluation by the independent entity also identify any administrative and financial implementation issues for FQHCs that may arise if subsequent legislation makes the pilot program operative statewide. The Assembly amendments make other changes relating to the payment methodology. The Assembly amendments require the department to seek any federal approvals necessary to implement these provisions. The Assembly amendments also provide that nothing in these provisions shall be deemed to affect the amounts paid or the reimbursement methodology applicable to FQHCs for dental services that are provided outside the scope of a contract between the department and an applicable principal health plan that is in effect as of July 1, 2015. The Assembly amendments require the department to provide a status report to the Legislature on a semiannual basis beginning January 1, 2017, until 6 months after implementation of the pilot project.

S.B. No. 295—Jackson et al.

An act relating to pipeline safety.

Legislative Counsel's Digest of Assembly Amendments

SB 295, as it passed the Senate, extended, from taxable years beginning on or after January 1, 2014, and before January 1, 2017, to taxable years beginning before January 1, 2018, a credit against taxes equal to a certain percentage of a contribution to the College Access Tax Credit Fund for specified education purposes. SB 295 was to take effect immediately as a tax levy.

The Assembly amendments remove these provisions from SB 295, and instead, commencing January 1, 2017, require the State Fire Marshal, or an officer or employee authorized by the State Fire Marshal, to annually inspect all intrastate pipelines and operators of intrastate pipelines under the jurisdiction of the State Fire Marshal. The Assembly amendments also require the State Fire Marshal to adopt regulations implementing those provisions by that date and prohibit the State Fire Marshal from becoming an inspection agent for specified interstate pipelines unless all regulatory and enforcement authority over those pipelines is transferred to the State Fire Marshal from the federal Pipeline and Hazardous Materials Safety Administration. The Assembly amendments require the State Fire Marshal to revise specified fees assessed to cover those costs associated with SB 295.

S.B. No. 197—Block.

An act relating to finance lenders.

Legislative Counsel's Digest of Assembly Amendments

SB 197, as it passed the Senate, authorized a licensed finance lender, pursuant to the California Finance Lenders Law, to compensate an unlicensed person or company in connection with the referral of one or more prospective borrowers to the licensee for a commercial loan if certain requirements are met, including, but not limited to, a requirement that the annual percentage rate of the loan not exceed 36%. SB 197 also required a licensed finance lender who receives an application for a commercial loan from a prospective borrower who has been referred by an unlicensed person or company to provide a specified statement to the borrower regarding the referral arrangement.

The Assembly amendments instead require the loan contract to provide for an annual percentage rate not exceeding 36%. The Assembly amendments additionally impose liability for any misrepresentation to a borrower in connection with a commercial loan on a licensee that pays referral compensation to an unlicensed person for that loan, require the licensee to maintain records of all referral compensation paid to unlicensed persons for at least 4 years, and allow an unlicensed person authorized to be compensated by this measure to engage in specified acts in connection with the loan if the person meets certain criteria. The Assembly amendments authorize the Commissioner of Business Oversight to adopt regulations imposing conditions on this referral activity, as specified, and provide a definition for "referral." The Assembly amendments also prohibit any unlicensed person receiving referral compensation from engaging in specified acts and authorize the commissioner to order this person to desist and refrain from engaging in the business or further violating those provisions governing such referral.

S.B. No. 21—Hill.

An act relating to the Political Reform Act of 1974.

Legislative Counsel's Digest of Assembly Amendments

SB 21, as it passed the Senate, required a nonprofit organization that pays for travel reasonably related to a legislative or governmental purpose, or to an issue of state, national, or international public policy, for an elected state officer or local elected officeholder to disclose the names of donors responsible for funding the payments, as specified. SB 21 required a person who receives a gift of a travel payment from any source to report the travel destination on his or her statement of economic interests.

The Assembly amendments maintain the requirement pertaining to a gift recipient's statement of economic interests but limit the nonprofit disclosure requirement to nonprofit organizations that regularly organize and host this type of travel for elected officials. The Assembly amendments require nonprofit organizations that pay for such travel to disclose only the names of donors who, in the preceding year, both donated to the nonprofit organization and accompanied an elected officer or officeholder for any portion of the travel, as specified. The Assembly amendments also incorporate provisions to prevent this bill from chaptering out additional changes made by AB 10.

An act relating to postsecondary education.

Legislative Counsel's Digest of Assembly Amendments

SB 42, as it passed the Senate, changed the composition of, and renamed, the California Postsecondary Education Commission (CPEC), which would have become the California Commission on Higher Education Performance and Accountability, and recast and revised statutes related to CPEC's various functions and responsibilities.

The Assembly amendments delete the provisions of the bill as it passed the Senate. The Senate amendments: (1) establish the Office of Higher Education Performance and Accountability as the statewide postsecondary education coordination and planning entity; (2) provide for the appointment by the Governor, subject to confirmation by a majority of the membership of the Senate, of an executive director of the office; (3) establish an 8-member advisory board for the purpose of examining and making recommendations to the office regarding the functions and operations of the office and reviewing and commenting on any recommendations made by the office to the Governor and the Legislature, among other specified duties; (4) specify the functions and responsibilities of the office, which would include, among other things, participation, as specified, in the identification and periodic revision of state goals and priorities for higher education, reviewing and making recommendations regarding cross-segmental and interagency initiatives and programs, advising the Legislature and the Governor regarding the need for, and the location of, new institutions and campuses of public higher education, acting as a clearinghouse for postsecondary education information and as a primary source of information for the Legislature, the Governor, and other agencies, and reviewing all proposals for changes in eligibility pools for admission to public institutions and segments of postsecondary education; (5) authorize the office to require the governing boards and institutions of public postsecondary education to submit data to the office on plans and programs, costs, selection and retention of students, enrollments, plant capacities, and other matters pertinent to effective planning, policy development, and articulation and coordination; and (6) require the office to report to the Legislature and the Governor on or before December 31 of each year regarding its progress in achieving specified objectives and responsibilities.

An act relating to foster care.

Legislative Counsel's Digest of Assembly Amendments

SB 238, as it passed the Senate, required the Judicial Council, on or before July 1, 2016, to develop updates to the implementation of existing law that authorizes a juvenile court judicial officer to make orders regarding the administration of psychotropic medications for a dependent child, and to adopt or amend rules of court and forms to implement the updates. The bill required the State Department of Social Services (DSS) to develop and provide a monthly report to each county child welfare services agency regarding each child receiving services from the county child welfare services agency and for whom one or more psychotropic medications have been authorized. The bill also required DSS to develop, or ensure access to, a system that automatically alerts a child's social worker when psychotropic medication has been prescribed and required the social worker to take specified actions upon receipt of an alert. The bill required certain individuals involved in the care and oversight of dependent children to receive specified training regarding psychotropic medications.

UNFINISHED BUSINESS—Continued

The Assembly amendments, among other things, do the following:

(1) Instead require the council to amend and adopt rules of court and to develop appropriate forms for the implementation of both the existing law provisions described above and parallel provisions pertaining to wards of the court, on or before July 1, 2016.

(2) Delete the alert system provisions described above.

(3) Require a county child welfare department, probation agency, or other person who requests authorization for the administration of psychotropic medication to provide the child's caregiver with a copy of the resulting court order.

(4) Require the State Department of Health Care Services (DHCS) to provide to DSS, pursuant to a specified data sharing agreement, information for the administration, oversight, and implementation of federal and state health and public social service programs for children in foster care.

(5) Require DHCS and DSS to develop, in consultation with counties, a voluntary data sharing agreement, and require DSS to distribute the above-described monthly reports to county placing agencies that are signatories to that agreement.

(6) Instead require monthly reports regarding each child for whom one or more psychotropic medications have been paid for under Medi-Cal.

(7) Require the training described above to be developed by DSS, modify the content of the training, and require foster care public health nurses to receive that training.

An act relating to pawnbrokers.

Legislative Counsel's Digest of Assembly Amendments

SB 300, as it passed the Senate, permitted the requirements for a written contract for every loan by a pawnbroker for which goods are received in pledge as security and every replacement loan to be met electronically, provided that the contract and transaction comply with the provisions of the Uniform Electronic Transactions Act and meet certain disclosure requirements. SB 300, as it passed the Senate, also required that the contract be for a minimum of 4 months, permitted electronic notification to the pledgor of the termination of the loan period, and required a pawnbroker who issued a loan electronically, instead of obtaining and reporting the customer's fingerprint, to electronically deposit the loan proceeds into a deposit account held in the name of the pledgor at a depository institution located in the United States.

The Assembly amendments instead permit the requirement for a written loan contract to be met electronically for only a replacement loan, delete the provision that requires a pawnbroker to electronically deposit the loan proceeds instead of obtaining and reporting the customer's fingerprint, and make other technical or conforming changes.

An act relating to pupil fees.

Legislative Counsel's Digest of Assembly Amendments

SB 320, as it passed the Senate, prohibited a public school from establishing a local policy or procedure that authorizes the public school to resolve a complaint regarding a prohibited pupil fee by providing a remedy to the complainant without also providing a remedy to all affected pupils, parents, and guardians. SB 320, as it passed the Senate, also authorized the Superintendent of Public Instruction to ensure that, for an appeal that the State Department of Education finds merit in, the underlying complaint is resolved in a timely manner and required the Superintendent, on or before June 30, 2016, to adopt regulations including specified provisions to govern the use of that authority.

The Assembly amendments, instead of requiring the Superintendent to adopt regulations, directly require the department, the superintendent of the school district or principal of a public school, and a public school to perform specified actions related to appeal procedures, including, but not limited to, actions regarding any issues raised in the complaint that the public school failed to address in its decision and regarding evidence or issues that the complainant offers for the first time on appeal, as provided. The Assembly amendments require a public school to provide to the department evidence documenting that the public school has complied with any corrective action specified in the department's written decision and with the above-specified remedy requirements.

The Assembly amendments, among other things, delete the conforming changes to the Corporation Tax Law. The Assembly amendments also delete the provisions creating the Qualified ABLE Program and the Qualified Able Fund, and instead create the ABLE Act Board, which is required to perform specified duties. An act relating to continuing care contracts.

Legislative Counsel's Digest of Assembly Amendments

SB 475, as it passed the Senate, required a continuing care retirement facility to pay the full amount of a lump-sum payment that is conditioned upon resale of a unit to a resident within 14 days after resale of the unit. SB 475, as it passed the Senate, required a continuing care retirement facility, for contracts signed after January 1, 2016, to pay at least 20% of the full lump-sum payment to the resident within 90 days after the resident vacates the unit. SB 475, as it passed the Senate, also required any payment balance not paid to the resident within 90 days to accrue interest at a rate not lower than 2% plus the United States prime lending rate, and any payment balance not paid to the resident within 180 days to accrue interest at a rate not lower than 5% plus the United States prime lending rate.

The Assembly amendments, among other things, reduce the percentage that a continuing care retirement facility is required to pay if the unit is vacated because of the death of the resident from 20% to 10% of the full lump-sum payment, and increase the time period for this payment from 90 days to 120 days. The Assembly amendments increase the length of time that a continuing care retirement facility has to pay the full lump-sum payment to the resident or the resident's estate without accruing interest from 90 days to 180 days. The Assembly amendments also reduce the interest accrual rate so that any payment balance not paid to the resident within 180 days accrues simple interest at a 4% rate, as specified, and any payment balance not paid to the resident within 240 days accrues simple interest at a 6% rate, as specified.

An act relating to juveniles.

Legislative Counsel's Digest of Assembly Amendments

SB 484, as it passed the Senate, required the Director of Social Services to compile specified information regarding the administration of psychotropic medications to children in community care facilities, and required the State Department of Social Services to develop a methodology for identifying group homes that have disproportionately high levels of psychotropic drug usage. SB 484 required a facility that is found, during a visit by the department, to have a high utilization of dangerous psychotropic drug medication regimens to submit a plan to the department, within 60 days of the visit, to address the steps that the facility will undertake to reduce inappropriate prescribing and treatment regimens.

The Assembly amendments instead require the State Department of Social Services to compile, based on information received from the State Department of Health Care Services, information concerning each group home, including information relating to the child welfare psychotropic medication measures developed by the department and certain Healthcare Effectiveness Data and Information Set measures related to psychotropic medications. The Assembly amendments require the department, on or before July 1, 2016, to adopt a methodology for identifying group homes providing foster care services under the AFDC-FC program that have levels of psychotropic drug utilization warranting additional review. The Assembly amendments authorize the department, following an inspection of a facility that the department determines warrants additional review, to require the facility to submit a plan of correction to the department within 30 days of receiving relevant information and observations from the department. The Assembly amendments also require a group home to maintain in the child's records specified information regarding the administration of psychotropic medications.

The Assembly amendments delete those provisions and instead change the dates by which the Board of Parole Hearings is required to complete certain youth offender parole hearings. SB 540, as it passed the Senate, deleted the \$7,500 limit on the amount of relief that may be granted and the related inflation adjustment provision and required the advocate and the board to provide relief to the taxpayer only if no significant aspect of the board's error or delay is attributed to the taxpayer. SB 540, as it passed the Senate, also deleted an inoperative provision relating to the Taxpayer's Rights Advocate.

The Assembly amendments impose a \$10,000 limit on the amount of relief that may be granted and revise the related inflation adjustment provision. The Assembly amendments also require the Franchise Tax Board itself to be notified whenever relief is granted pursuant to these provisions.

An act relating to insurance.

Legislative Counsel's Digest of Assembly Amendments

SB 696, as it passed the Senate, among other things, required the Insurance Commissioner and insurers engaging in specified activities relating to the business of life insurance to incorporate the methodology employed by a specified manual of valuation instructions adopted by the National Association of Insurance Commissioners in making determinations relating to reserve requirements and the minimum standard of valuation for policies and contracts, as specified; required a company to establish reserves using a principle-based valuation that meets specified conditions in that manual; and required the company to develop and file with the commissioner, upon request, a principle-based valuation report. SB 696 required the commissioner to impose an annual assessment on each insurer, based on the insurer's gross annual life insurance premium, written in California during the immediately preceding year, thereby imposing a tax. SB 696 also exempted certain information submitted to the commissioner from an insurer from disclosure pursuant to the California Public Records Act; provided that the specified information is not subject to subpoena or discovery or admissible in evidence in any private civil action; and authorized the commissioner to hire and assign department staff, and retain nondepartmental actuaries and other consultants, to assist in implementing principle-based valuation.

The Assembly amendments, among other things, change the requirement that the commissioner impose an annual assessment to an authorization to do so; prohibit the valuation manual from being operative until the commissioner certifies that adequate funding has been appropriated by the Legislature and all other necessary resources are available and sufficient to enable the commissioner to carry out his or her duties under these provisions; and require that the commissioner publish a notice, as provided, that the valuation manual is in effect. The amendments also create the Office of Principle-Based Reserving within the Department of Insurance, authorize the commissioner to select, for the Governor's appointment, the head of the office, and make the position a civil service exempt gubernatorial appointment.

S.B. No. 19—Wolk et al.

An act relating to resuscitative measures.

Legislative Counsel's Digest of Assembly Amendments

SB 19, as it passed the Senate, required the California Health and Human Services Agency to establish the California POLST Registry, a statewide registry system, for the purpose of collecting a Physician Orders for Life Sustaining Treatment (POLST) form received from a physician or physician's designee and disseminating the information in the form to an authorized user.

The Assembly amendments, instead, require the Emergency Medical Services Authority to establish a pilot project to operate an electronic registry system on a pilot basis, to be known as the POLST eRegistry Pilot. The Assembly amendments also establish parameters for the pilot project, including, among others, a requirement that the authority, prior to the implementation of the pilot, submit a detailed plan to the Legislature explaining how the registry will operate. The Assembly amendments repeal these provisions effective January 1, 2020.

S.B. No. 239—Hertzberg.

An act relating to local services.

Legislative Counsel's Digest of Assembly Amendments

SB 239, as it passed the Senate, among other things, authorized public agencies to, by contract or agreement, provide new or extended fire protection services outside a public agency's current service area, as specified, provided that the local agency formation commission in the affected county gives written approval of the contract in accordance with certain procedures. SB 239, as it passed the Senate required a public agency to apply for approval by adopting a resolution of application and submitting a plan for services and a comprehensive fiscal analysis documenting, among other things, the costs and revenues of the public agency, as provided. SB 239, as it passed the Senate also declared that its provisions are not intended to affect the existing jurisdiction of a local agency formation commission over proceedings involving the provision of prehospital emergency medical services.

The Assembly amendments replace the term "current service area" with "jurisdictional boundaries" and provide that "jurisdictional boundaries" include territory or lands protected pursuant to a fire protection contract or agreement entered into on or before December 31, 2015. The Assembly amendments exempt certain cooperative agreements from the bill's provisions. The Assembly amendments also require that an application, in the case of a local agency currently under contract with a state agency for the provision of fire protection services, be initiated by the local agency and approved by the Director of Finance. The Assembly amendments additionally require that the plan for services include a determination that the proposed fire protection contract meets certain criteria. The Assembly amendments require that the comprehensive fiscal analysis, instead of the above-described information about costs and revenues, include a thorough review of the plan for services and a comparison of the costs of the existing provider relative to similar service areas, as provided. The Assembly amendments also declare that the bill's provisions are not intended to affect mutual aid agreements and double joint the bill with AB 402.

Vote: 21. Substantial substantive change: yes.

(Final vote in the Senate: AYES—26. NOES—12.)

42

S.B. No. 331—Mendoza.

An act relating to public contracts.

Legislative Counsel's Digest of Assembly Amendments

SB 331, as it passed the Senate, enacted the Civic Reporting Openness in Negotiations Efficiency Act, establishing procedures for the negotiation and approval of contracts valued at \$50,000 or more for goods or services by cities, counties, cities and counties, or special districts that have enacted a civic openness in negotiations ordinance, as defined.

The Assembly amendments instead require these procedures for the negotiation and approval of contracts valued at \$250,000 or more and only for certain, specified contracts for goods or services. The Assembly amendments also exempt contracts required to respond to, recover from, or mitigate the effects of a temporary public safety emergency, a state of war emergency, state of emergency, or local emergency, as specified, and the renewal of contracts if the employees performing the services are covered by a collective bargaining agreement governed by the National Labor Relations Act.

S.B. No. 347—Jackson.

An act relating to firearms.

Legislative Counsel's Digest of Assembly Amendments

SB 347 as it passed the Senate, added to the list of misdemeanors, a conviction for which, subject to exceptions, makes it an offense for a defendant to own, purchase, receive, possess, or have under custody and control, any firearm, for 10 years from the date of the conviction. The bill added to that list, the misdemeanor offenses of committing the above described offense, petty theft of a firearm, and convictions on or after January 1, 2016, for transferring a handgun without a firearm dealer license, selling or giving possession of ammunition to a minor, possession of ammunition by a person prohibited from possessing a firearm, furnishing ammunition to a person prohibited from possessing ammunition, carrying ammunition onto school grounds, receiving stolen property consisting of a firearm, and carrying a loaded or a concealed weapon if the person has been previously convicted of a crime against the person or against property, or of a narcotics or dangerous drug violation, or if the firearm was not registered. The bill made additional technical, nonsubstantive changes to provisions prohibiting the sale, lease, or transfer of firearms by a person not licensed as a firearms dealer.

The Assembly amendments delete from the list of misdemeanors described above most of the misdemeanor offenses, retaining only the misdemeanor offenses of petty theft of a firearm, and for convictions on or after January 1, 2016, for receiving stolen property consisting of a firearm and carrying ammunition onto school grounds. The amendments also delete the nonsubstantive changes to the provisions prohibiting the sale, lease, or transfer of firearms by a person not licensed as a firearms dealer. The amendments make additional technical, nonsubstantive changes.

S.B. No. 399—Hall.

An act relating to tidelands and submerged lands.

Legislative Counsel's Digest of Assembly Amendments

SB 399, as it passed the Senate, required that a public record of every vote of the California Gambling Control Commission be posted on the commission's Internet Web site no later than 48 hours after the vote is taken.

The Assembly amendments delete those provisions and, instead, authorize the City of Los Angeles to grant franchises and permits on, or leases of, specified tidelands and submerged lands for specified purposes relating to the promotion of commerce, navigation, and fishery, for limited terms, not exceeding 66 years.

48

S.B. No. 291—Lara et al.

An act relating to public health.

Legislative Counsel's Digest of Assembly Amendments

SB 291, as it passed the Senate, required the Office of Statewide Health Planning and Development (OSHPD) to include the mental health needs of vulnerable communities, as defined, in the Health Manpower Plan for California. SB 291, as it passed the Senate, also included individuals who have experienced trauma related to genocide in the definition of vulnerable communities. SB 291, as it passed the Senate, required the State Department of Health Care Services to include specified stakeholders from vulnerable communities, including the LGBTQQ community and communities that experience trauma related to genocide, in the process for providing technical assistance to county and other local mental health programs.

The Assembly amendments remove the requirement that OSHPD include the needs of vulnerable communities in the Health Manpower Plan for California. The Assembly amendments also require the Office of Health Equity to allow representatives of vulnerable communities, as defined, to be represented in the public stakeholder process for developing the office's plan to eliminate health and mental health disparities.

S.B. No. 605—Gaines.

An act relating to community colleges.

Legislative Counsel's Digest of Assembly Amendments

SB 605, as it passed the Senate, until July 1, 2022, (1) exempted students who attend Lake Tahoe Community College, and who have residence in one of several designated communities in Nevada, from the nonresident tuition fee, (2) required the governing board of the Lake Tahoe Community College District to adopt rules and regulations for determining a student's residence classification and for establishing procedures for an appeal and review of the residence classification, and (3) authorized the reporting, for apportionment purposes, of the attendance of nonresident students exempted from nonresident tuition under the bill, but required any nonresident student thus reported for apportionment purposes to pay a per unit fee that is 3 times the amount of the fee established for residents. SB 605, as it passed the Senate, provided that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to specified statutory provisions.

The Assembly amendments delete the language providing for reimbursement for costs mandated by the state. The Assembly amendments add language asserting that no reimbursement is required because the only costs that may be incurred by a local agency or school district under the bill are the result of a program for which legislative authority was requested by that local agency or school district.
